Dealers Only — We require that you have a business name and be listed in the telephone book doing business as (1) a franchised motorcycle dealer, (2) a retail store advertising and having an inventory of motorcycle accessories or (3) full-time recreational vehicle repair shop. A repair shop must have a retail display of accessories in order to buy anything other than repair parts. To apply for dealership, please call or fax a request for a dealer application. Return the completed application as instructed on the application. You must have a business phone number (NOT your residence). We prefer to have a photo of your business showing your business sign. If dealership is a new business, we will require a photo for our files. We reserve the right to refuse selling to anyone we feel does not meet our dealer qualifications. If you are not a legitimate dealer, PLEASE DO NOT waste your time and ours. We reserve the right to requalify dealer status at any time.

Credit Terms — All customers will receive orders on a COD basis except those who have established an open account with us and they will receive orders under our regular terms. All invoices are due and payable 30 days following date of purchase. All past due accounts will be charged the maximum legal rate of interest. Open accounts lapsing into 60 day balance will revert to COD status. All merchandise purchased from Western Power Sports, Inc., remains the property of WPS until the account is paid in full. Checks returned unpaid for any reason are subject to \$20.00 charge.

New Accounts — Orders are normally shipped COD. Open account status may be applied for by well-rated firms. To establish an open account, request a credit application when placing an order. Please allow 30 days for processing the credit application. WPS reserves the right to reject any application.

Minimum Orders - Service Charges — We have no minimum order. However, all orders totaling less than \$30.00 dealer cost are automatically charged a \$5.00 small order fee to cover processing costs. There is a \$5.00 charge on orders where a dealer sends their retail customer to WPS to pick up that order.

Orders — Our average shipping time is less than 2 working hours. All items can be checked for availability at the time you place your order. Your order will be printed in the warehouse nearest you and ready for picking immediately after you hang up the phone, therefore "add-on" items called in later must be placed on a separate order and are subject to the above small order fee if under \$30.00.

Drop Shipments — In an emergency, we can drop ship an order to your customer for a fee of \$10.00 plus applicable freight charges.

Brand Names — The words "Arctic Cat", "Bombardier", "Cannondale", "Honda", "Kawasaki", "KTM", "Polaris", "Suzuki", "Yamaha", "Harley Davidson", etc., are used as reference only. Some part numbers and descriptions used or mentioned are also used as reference only. No items sold by Western Power Sports, Inc., are manufactured by the above-mentioned Original Equipment Manufacturers or with the permission of any O.E.M.

Prices — A separate Master Price List is provided showing dealer cost and suggested retail prices. All prices are subject to change without notice. We do, however, make every effort to hold our prices for an entire season. In case of a price change, items will be billed at prices in effect on the date the order is shipped. All prices are FOB Boise, Idaho, Memphis, Tennessee or Fresno, California, unless otherwise noted.

Freight Policy — We pay freight on orders totaling \$300 or more (Continental USA only) and reserve the right to choose method of shipping. We pay freight up to 10% of the invoice on \$300 Alaska, Hawaii and Puerto Rico orders, based on lowest cost routing available. \$1,000 Alaska orders: We pay freight, based on lowest cost routing available. ATV rack boxes, tires and plows receive up to 10% freight allowance only. Dealer may request a "premium shipping service" such as airmail or UPS and FedEx, next day, 2-day or 3-day air services at their expense. If the order qualifies for free freight the dealer will be given credit for the ground portion of the freight charge. All cross-ships will be shipped at the lowest cost method available. For upgrade to FEDX Saver or UPS 3-Day there may be a \$20.00 freight charge to the dealer per box. **WPS only pays ground freight on oils and additives.** ★ Items that are noted on each page (generally trailers, spare tires, additives, airlifts, lawn mowers, closeout items, drop shipments, etc.) and **BACKORDERS** are not included in the free freight policy. ★ No free freight or freight allowances will be given on past due accounts. **COD CUSTOMERS NOTE:** To avoid excessive common carrier COD fees send us your check for the merchandise in advance, or you may charge it to your Visa or Master Card account.

Backorders — Backorders are shipped on arrival if over \$30.00, and if under 30 days old. We will verify any backorders over 30 days old before shipping. Pistons, rings or gaskets are shipped on arrival regardless of value but limited to 30 days. Backorders are cancelled after they are 45 days old. Also, note FREIGHT POLICY above regarding backorders. **SPECIAL ORDERS CANNOT BE CANCELLED OR RETURNED.**

Returns — Return authorization is required. Call us for the RA number, clearly mark the outside of your package with the RA number, include a copy of the invoice, write down the reason for return, and return the package freight prepaid to the warehouse from which it was shipped. Credit cannot be issued for items purchased 30 days or more prior to return, closeout or discontinued items, special ordered items or electrical parts. Returned merchandise must be in original package with any dealer labels and or price tags removed, and in resalable condition. A restocking fee will be charged on all returns except items that are determined to be defective or not as ordered.

Warranties and Guarantees — Manufacturers give warranties on their own products and most of them do not allow distributors to make any decision on whether a product will be replaced or repaired. Cash refunds are almost never allowed. Please follow the warranty instructions provided by the manufacturer. Manufacturers require warranty returns be accompanied by written information regarding length of time used, cause of failure, and any other necessary information. Damages arising from the design or manufacturing of any item are the sole responsibility of the manufacturer. If you have any questions, call WPS at (208) 376-8400.

Shortages or Damaged Merchandise — Must be reported at the time the package is opened - **NO EXCEPTIONS.** All orders are checked for accuracy after picking and are weighed to 1/10th of an ounce to give us three ways of checking. **ALL BOXES AND PACKING MUST BE SAVED** and returned to WPS in most cases to receive credit for shortages. We will pay for the postage.

Refused COD's — Our FULL restocking fee, plus freight both ways, will be charged to your account if you change your mind and refuse a COD.

Freight Claims — **TRUCK SHIPMENTS:** Claims for lost or damaged goods must be made directly to the carrier, as title to merchandise passes to the customer when goods have been consigned to and accepted by a public carrier. We will furnish any information we have to help you establish your claim. Visual damage to shipping carton or shortages must be noted on the freight bill.

— **UPS SHIPMENTS:** Indicate "DAMAGED" when signing. **CARTON AND MERCHANDISE MUST BE KEPT BY DEALER.** Contact us by toll free phone for instructions.
